ATLAS Global Infrastructure Fund (the Fund): Series A EUR Hedged Share Class (INC) (IE00BF6X2Z66)
a sub-fund of ATLAS Global Infrastructure UCITS ICAV (the ICAV) ISIN: IE00BF6X2Z66

The Fund is managed by Waystone Management Company (IE) Limited

Objectives and Investment Policy

The Fund seeks to achieve income and capital growth over the medium to long term.

The Fund will invest in a diversified portfolio of listed infrastructure equity investments either directly in their domiciled market, or indirectly through equity related securities.

The Fund is actively managed and the choice of investments is not made by reference to a benchmark. The Fund's performance is compared to G7 Inflation +5% (the 'Benchmark').

The portfolio will provide exposure to, global companies engaged in infrastructure related activities in various sectors, including electric, gas and water utilities, transport, communications and community and social infrastructure.

Equity securities will include common shares and preferred equities. Equity related securities include global and American Depository receipts listed on European and North American stock exchanges.

The Fund may invest no more than 10% of its Net Asset Value in emerging markets securities.

The Fund may invest 10% of its Net Asset Value in closed-ended collective investment schemes which include real estate investment trusts.

Any real estate investment trust in which the Fund will invest shall be listed on a regulated stock exchange or market. The Fund may also invest up to 10% of its net assets in other collective investment schemes. The Fund may also hold up to 10% of its Net Asset Value in unlisted securities.

The Fund may also hold cash, bank deposits and fixed or floating rate short-term debt instruments including commercial paper, floating rate notes, certificates of deposit, freely transferable promissory notes and debentures.

The Fund may engage in transactions in financial derivative instruments for investment and/or the purpose of efficient portfolio management. Although the use of derivatives may give rise to additional exposure, this will never exceed the net asset value of the Fund.

Hedged share classes will engage in look through hedging to manage currency exposure of assets back to the currency of the share class.

You may buy or sell shares on a daily basis. The Fund is denominated in US Dollar.

While the Fund promotes environmental and social characteristics within the meaning of Article 8 of the Sustainable Finance Disclosure Regulation, it does not have as its objective a sustainable investment. Further information can be found here <https://www.atlasinfrastructure.com/esg/>

There is no guarantee that the Fund will be able to achieve its investment objective. This Fund may not be appropriate for investors who plan to withdraw their money within 5 years.

Risk and Reward Profile

- Historical data may not be a reliable indication for the future.
- The risk category shown is not guaranteed and may shift over time.
- The lowest category does not mean 'risk free'.

The SRR1 of the Fund is ranked at 5. The Fund is in category 5 due to the nature of its investments. This means that the purchase of units in the Fund is connected to medium risk of such fluctuations.

Material risks for the Fund not taken into account in this indicator include the following:

Liquidity risk: In difficult market conditions, the Fund may not be able to sell a security for full value which could affect performance and cause the Fund to suspend redemption of its shares.

Operational risk: Risk of loss resulting from human errors, inadequate or failed internal systems, process or controls or from external events at the Investment Manager, Administrator and other service providers could lead to disruptions of Fund operations resulting in losses.

Currency risk: The Fund will be exposed to different currencies and changes in foreign exchange rates could create losses.

Lack of diversification risk: While the Fund is exposed to a diversified portfolio of infrastructure securities, an investment in one asset class may involve greater risk than investing in multiple asset classes.

Derivatives risk: A derivative may not perform as expected, and may create losses greater than the cost of the derivative.

For full details of the relevant risks reference should be made to the risk factors sections of the prospectus and supplement.

Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.
